ABSTRACT OF THE ANNUAL TOWN MEETING
TOWN OF DUBLIN
DUBLIN, NEW HAMPSHIRE 03444

Our town meeting was held in three sessions this year — March 10, 1981 for election of officers, March 14th for decision of Warrant Articles and Budget, and the Adjourned Town Meeting March 21st.

Polls open 10:00 A.M. March 10, 1981 at the Town Hall, closed at 6:00 p.m. Results were as follows:

Article 1. Officers elected: 1 year terms — Treasurer, Nellie A. Crossley; Highway Agent, Clarence Babneau; Moderator Conval School District, Harvey Chandler; Trustee of Trust Funds, Mary E. Krogman. Two (2) Year Terms — Budget Committee, Anne C. Biklen. Three (3) Year Terms — Selectman, James E. Cuddihee; Trustee of Trust Funds, Ralph Perkins, Jr.; Water Commissioner, William Gnade Sr.; Library Trustee, P. Albert Rajaniemi; Cemetery Committee, Charles J. Bivona; Two (2) Members Budget Committee, Ronald W. LaMontagne and Julien D. McKee; Recreation Committee, no candidates. Five (5) Year Terms — Planning Board, Daniel J. Walsh; Board of Adjustment, Robert O. Blanchette.

Article 1A. On Ballot — Shall we adopt the provisions of RSA 654:34a permitting applications for changes in party affiliation to be made with the Town Clerk? Adopted 215 Yes-55 No.

311 ballots were cast out of a total of 934 on checklist. After counting ballots, meeting was adjourned at 6:45 P.M. to resume Saturday, March 14th at 1:00 P.M. The vote was unanimous.

The meeting resumed at 1:00 P.M. March 14th at the Dublin Consolidated School. C. Robertson Trowbridge, Moderator, presiding, we acted on the following Articles:

Article 2. Officers chosen by voice vote: Measurer of Wood and Bark, Clarence Babneau; Memorial Day Committee, Brian Barden, Robert Blanchette and Daniel Walsh.

Article 3. Moved that Reports of Agents, Auditors, Committees, be accepted as printed. Carried.

Article 4. Moved that the Town accept certain Trust Funds as follows:

W. Russell Peabody Lot	$200.00	Carried.

Article 5. Moved that the Town authorize the Selectmen to borrow money in anticipation of taxes and to raise and appropriate a sum of money to cover the interest on the notes or take any other action thereto. Carried.

Article 6. Moved that the Town authorize the Selectmen to administer and dispose of any Real Estate acquired by Tax Deed or take any other action relating thereto. Carried.

Article 7. Moved that the Town authorize the Selectmen to dispose of obsolete law books, maps and other materials no longer necessary to the Town or take any other action thereto. Carried.

Article 8. Moved that the Town decrease the amount of the tax exemption upon dormitories, dining rooms and kitchens of the Dublin School and the Dublin Christian Academy to $150,000.00 of value for each institution, or take any other action thereto. Yes/No ballots were used. Article failed 41 Yes, 121 No.

It was moved by Stephan Avery to take action on all articles requesting Yes/No ballots at today's meeting. These articles are numbers 8, 13, 17 & 26 (Find results to these articles in numerical order). Carried.

It was moved by John McKenna that Article 32, the Budget Article, be taken up

at the present time, provided any addition or subtraction to the total appropriation of the Town made as a result of a subsequent vote in this meeting be reflected in the final budget total. Carried.

See result of Budget at end.

Questions brought up at this time regarding the budget requiring answers at the adjourned town meeting were as follows: Use and legal use of gasoline by the Highway Department and whether we will get state reimbursement for full-time police officer if he is not certified.

After voting some of the line articles of the budget and Articles 13, 17, & 26, the meeting adjourned at 5:30 P.M. until Saturday, March 21st at 1:00 P.M. to take action regarding the rest of the Budget and the remaining articles. It was also moved to table Budget until the adjourned town meeting and not to reconsider any of the items already voted upon at this meeting. Carried. Motion to adjourn also carried.

The meeting resumed at 1:00 P.M. March 21st at the Dublin Consolidated School. C. Robertson Trowbridge presiding, we acted as follows:

After a moment of silence for Edythe Pinney, mother of former selectman Arnold Pinney, just deceased, we progressed with the meeting.

The Moderator opened the meeting with Article 32, Budget Article. He had the questions answered that were brought up at the previous meeting. It was decided that we should not reduce the allocation until we decided how much we should allow the Highway Agent. For actual results of the budget see Article 32.

Article 9. Moved that the Town raise and appropriate the sum of $646.00 to install a railing on the stairway between the Library and the Town Hall. Carried.

Article 10. Moved that the Town authorize the oiling of Windmill Hill Road from Parsons Road to Upper Jaffrey Road. Failed.

Article 11. Moved that the Town authorize the selectmen to contract for computer services to produce Town Warrants, Tax Bills, and related paperwork and raise and appropriate the sum of $1200.00 for this purpose. Carried.

Article 12. Moved that the Town authorize the selectmen to appoint a committee to study the problem of disposing of Dublin's waste, in view of the fact that the estimated life of the present landfill is two to three years, said committee to report and make recommendations at next town meeting. Carried.

Article 13. Moved that the Town raise and appropriate the sum of $3512.68 to support the services of the Monadnock Community Visiting Nurse Association, Inc. This local request for financial support is based on a $2.74 per capita formula. This was not recommended by the Budget Committee. Yes/No Ballot was requested. Article passed 120 Yes/22 No.

Article 14. Moved that the Town raise and appropriate the sum of $648.50 to support the services of the Monadnock Family and Mental Health Services. This local request for financial support is based on a $.50 per capita formula. Carried.

Article 15. Moved that the Town authorize the repair of the sidewalk from the library to the top of Dublin Hill and that we instruct the Selectmen to select a committee to study the possibility of extending the sidewalk to the Women's Club Beach and come in with an article on the warrant next year, also, to withdraw from the Sidewalk Savings Account up to $3000.00 for this purpose. Carried.

Article 16. Moved that the Town authorize the selectmen to withdraw the remaining $6000.00 from the Sidewalk Savings Account and place it in a Capital Reserve Sidewalk Account. Carried.

Article 17. Moved that the Town raise and appropriate the sum of $300.00 to support the Grand Monadnock Arts Council. Yes/No Ballot was withdrawn. First

standing vote was tied 51/51. Second standing vote was 53 Yes/54 No. Article Failed.

Article 18. Moved that the Town raise and appropriate the sum of $8105.00 to renovate the existing fire hydrant system. Carried.

Article 19. Moved that the Town require that the ratio of de-icing salt to sand as placed upon all roads under jurisdiction of the road agent be as close to 1-20 as is possible in order to protect wells and trees. Nothing in this ordinance shall be construed to prevent said Road Agent in times of emergency or where an extreme public hazard exists from using a higher percentage of salt. Amendment to postpone. Failed. Original motion. Carried.

Article 20. Moved that the Town raise and appropriate the sum of $1250.00 for a new radio for the 8M3 fire truck and update the radio in the 8M5 fire truck and the portable radio for the fire department. Carried.

Article 21. Moved that the Town raise and appropriate the sum of $3000.00 for a new York Rake for the Highway Department. Carried.

Article 22. Moved that the Town raise and appropriate the sum of $500.00 to hire a consultant to aid the Town Hall Planning Committee in preparing plans for the renovations and remodeling of the Town Hall. Also, to accept a matching grant of $500.00 from the State Historic Preservation Program for the same purpose. Carried.

Article 23. Moved that the Town raise and appropriate the sum of $500.00 to be used in payment of a consultant's fee for final plans for the expansion of the Dublin Cemetery. Carried.

Article 24. Moved that the Town raise and appropriate the sum of $4332.00 to insulate the heated area of the Town Hall or take any other action related thereto. Carried.

Article 25. Moved that the Town raise and appropriate the sum of $1300.00 to insulate the ceiling area of the Fire Station or take any other action relating thereto. Carried.

Article 26. Moved that the Town accept the State of New Hampshire Law Enforcement pay scale for the Dublin Police Department to start on January 1, 1982, or take any other action relating thereto. This Article was withdrawn after it was found that the sense of the meeting was that the Selectmen set up a professional pay scale for all town employees. There was a standing vote for the sense of the meeting 46 Yes/36 No.

Article 27. Moved that the Town appropriate and authorize the withdrawal from the Federal Revenue Sharing Fund for use as setoffs against budgeted appropriation for the following specific purposes and in amounts indicated herewith, or take any other action thereto:

APPROPRIATION	ARTICLE	AMOUNT
Computer Services	11	$1,200.00
Consultant Services-Town Hall	22	500.00
Consultant Services-Cemetery	23	500.00

Total	$20,000.00

Carried.

Article 31. Moved that the Town petition the Representatives and Senators who represent the Town in the General Court the concurrent resolution to amend the State Constitution to limit the annual increase in spending by the State or any city, town or other governmental unit of the State to five percent (5%). Failed.

Article 32. Moved that the Town accept the Budget submitted by the Budget Committee and see what sum the Town will vote to raise and appropriate in relation thereto. The Budget was amended as follows:

Line 1 Town Officers Salaries now reads	12,475	was 14,225
Line 26 Monadnock Visiting Nurse Assoc.	------	3,513
Total recommended by the Budget Committee	385,532	
Total passed at Town Meeting		387,295

After considerable discussion and amendments as follows the budget was finally passed.

The budget was amended on Line 1 Town Officers Salaries, first to increase it by $250.00 to cover payment of deputies for the Town Clerk/Tax Collector. This passed. It was further amended to decrease the amount for the Administrative Assistant to $4500.00. This amendment failed. The amendment to decrease the amount for the Administrative Assistant to $6000.00 carried. It was also moved to limit the increase in salaries for office personnel to 10% per year. This also carried. Line 26 was also Article 13. After considerable discussion this was passed. The final budget as amended was carried.

The meeting adjourned at 4:00 P.M.

Respectfully submitted,
Anita J. Crowell
Town Clerk

REPORT OF THE BUDGET COMMITTEE

As of this writing, the Budget Committee has met eleven times during the 1982 budget making process from March 1981-March 1982. The first meeting on June 9, 1981 was an organizational meeting, at which time Nancy Campbell and Anne Biklen were elected Chairman and Secretary, respectively.

The Budget Committee also held quarterly meetings to review the expenditures of the Town. These quarterly meetings are mandated by the Municipal Budget Law.

This year, the Budget Committee started meeting with department heads on November 3, 1981. This was about three weeks earlier than previous years, as we had hopes to start early and avoid meeting during all holiday weeks. The Committee has been meeting once a week since that time. As in previous years, subcommittees were formed to aid certain departments. The required Public Hearing on the Budget will be during the week of February 1-8, 1982.

As of this writing, the Committee has met with all department heads once and we are about to start another review of the budgets. At this point in time, the Committee is going over certain questionable requests and then making necessary adjustments. The Committee is trying to keep the budget at a reasonable level in light of the 28% increase in the tax bills in 1981. This year, as last year, budgets are up because of increased wages, increased oil costs, increased insurance costs, and the increased amount of money the Town must borrow in anticipation of taxes.

It is the Budget Committee's and the Selectmen's hope that the Town goes to semi-annual tax billing in 1982. This would decrease substantially the short-term borrowing the town must engage in to pay the bills until the taxes are due.

The Committee is especially indebted this year to our Secretary, Anne Biklen, for doing the quarterly reports, the meeting minutes, and for her many years' service on the Budget Committee. We also appreciated the help and involvement of our Selectmen's Representatives. We would also like to thank Ned Whitney, Paul Cardin, and Bill Boozer for the excellent job in setting up a comparable wage scale and for giving the Budget Committee a guideline to follow in setting wages for town employees.

Jean Barden's and Bryan Hastings's terms expire this year. The Committee hopes they run again, but if they do not run again, we hope someone else will fill their seats who will get as much enjoyment from the Budget Committee as they did.

Respectfully submitted,
Nancy E. Campbell, Chairman
Jean Barden
Anne Biklen, Secretary
Bryan Hastings
Ronald La Montagne
Julien McKee
James Cuddihee,
Selectmen's Representative

CERTIFIED
PUBLIC ACCOUNTANTS

To the Board of Selectmen of the
Town of Dublin:

We have examined the financial statements (as indexed in the Table of Contents) of the Town of Dublin for the year ended December 31, 1981, and the statement of revenues, expenses and changes in fund balances - nonexpendable trust funds for the year ended December 31, 1980. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Town of Dublin has not maintained a record of its general fixed assets and, accordingly, a statement of general fixed assets, as required by generally accepted accounting principles, is not included in the financial report.

In our opinion, except for the effects of the omission of a statement of general fixed assets, the financial statements referred to above present fairly the financial position of the Town of Dublin as of December 31, 1981, the results of the financial transactions for the year then ended, and the nonexpendable trust fund revenues, expenses and changes in fund balances for the year ended December 31, 1980, in conformity with generally accepted accounting principles applicable to government entities applied on a basis consistent with that of the preceding year.

TOWN OF DUBLIN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1981

1. Summary of significant accounting policies:

The accounting policies of the Town of Dublin conform to generally accepted accounting principles for local governmental units, except as indicated hereinafter. The following is a summary of significant accounting policies.

Basis of accounting - The accrual basis is used for all fiduciary funds. Governmental funds utilize the modified accrual basis whereby revenues are recorded when measurable and available. Expenditures are recorded when the liability is incurred (accrual basis).

General fixed assets - Fixed assets acquired or constructed for general government services are recorded as expenditures in the fund making the expenditure. Funds used to acquire general fixed assets and/or debt service payments on borrowings, in connection therewith, are accounted for as expenditures in the year payments are made. This is contrary to generally accepted accounting principles which require that general fixed assets be capitalized and accounted for in a separate fixed asset group of accounts.

Investments - Investments are stated at cost.

Continuing appropriations - Appropriations for certain projects and specific items not fully expended at year end are carried forward as continuing appropriations to the next year in which they supplement the appropriations of that year. At year end, continuing appropriations are reported as a component of fund balance and are detailed as follows:

Railing installation	$ 646
Computer services	386
Fire hydrant renovation	3,294
Radio and radio update	555
Cemetery consultant	500
Book binding	100
	$5,481

Taxes collected for others - The Town collects taxes for ConVal Regional School District and Cheshire County which are remitted to them as required by law. These funds are accounted for as agency funds.

Interfund transactions - During the course of normal operations, the Town has numerous transactions between funds including expenditures and transfers of resources to provide services and service debt. The accompanying governmental and fiduciary funds financial statements reflect such transactions as transfers.

Property taxes - Annually, the Town establishes an amount for abatements, discounts and refunds of property and resident tax revenues known as overlay. All abatements, discounts and refunds are charged to overlay. Overlay is included under the classification of general government in the financial statements.

As prescribed by law, the tax collector sells at tax sale all uncollected property taxes in the following year after taxes are due, where applicable. The purchaser at tax sale has a priority tax lien on these properties and accrues

interest at 18% per annum. Delinquent taxpayers must redeem property from tax sale purchasers.

Property is sold to the party who will accept a lien for the least undivided interest in the property for payment of taxes and related costs due. If property is tax-deeded to the lien holder.

Retirement system - The Town provides for pension benefits to substantially all full-time employees through a contributory system under New Hampshire law. The law prescribes the formula for computing pension benefits and presently does not permit advance funding of pension liabilities. Pension benefits are paid from Town funding and employee contributions based on date of entry. Pension expense for the year ended June 30, 1981, the latest year end of the New Hampshire retirement system, was $2,232. There is no unfunded past service liability and the value of vested benefits has not been determined. The date of the last actuarial report on the New Hampshire retirement system is June 30, 1979.

2. Purpose of funds and account groups:

The Town reports its activities in numerous individual funds to comply with the limitations and restrictions placed on both the resources made available to the Town and the services provided. Individual funds and account groups summarized in the accompanying financial statements are classified as follows:

Memorandum totals represent the arithmetic sum of the different fund reported upon and not any specific fund or account group.

A. Governmental funds -

These funds are intended to provide recurring general services. They are controlled by a budget approved by the voters.

General fund - Used to account for all revenues and expenditures which are not accounted for in other funds or account groups.

Special revenue funds - Used to account for specific restricted federal revenue sharing revenues and expenditures for various purposes. Receipts and expenditures are governed by the provisions of the federal revenue sharing regulations.

B. Fiduciary funds -

Trust and agency funds - These funds are used to account for assets held by the Town in a fiduciary capacity for various purposes, including cemetery operations and taxes collected for other governmental units. Receipts and expenditures of each fund are governed by statutes or local law.

3. Budget:

The Town budget represents departmental appropriations as authorized by annual or special Town meetings. The selectmen may transfer funds between operating categories as they deem necessary.

4. Long-term debt:

Long-term debt, all payable to banks, representing unsecured general obligations of the Town at December 31, 1981 and 1980, consisted of the following:

Due Date	Interest Rate	Annual Principal Payment	1981	1980	Purpose
12/30/81	4 3/4%	$ 4,510	$ -	$ 4,510	Highway truck

5/27/88	7%	2,995	21,000	23,991	Highway truck
		$13,816	$56,535	$70,347	

Maturities for long-term debt in subsequent fiscal years from December 31, 1981 are as follows:

1982	$ 9,311
1983	9,311
1984	9,311
1985	9,311
1986	9,316
1987-1988	9,975
	$56,535

5. Nonexpendable trust funds:

The principal amount of all nonexpendable funds are restricted either by law or specific terms of individual bequests, in that only income earned thereon may be expended. Principal and income balances at December 31, 1981 are as follows:

	Principal	Income	Total
Common funds	$130,649	$ 1,098	$131,747
Library building fund	10,720	5,978	16,698
Accumulated income fund	-	28,746	28,746
	$141,369	$35,822	$177,191

6. Expendable trust funds:

Expendable trust funds (capital reserve funds) at December 31, 1981 are detailed as follows:

Heavy highway equipment	$15,689
Bridge construction	324
Fire equipment	19,375

DUBLIN PUBLIC LIBRARY

The summer reading program for children used the theme "Summer Flight with Book and Kite" in teamwork with the Dublin Playground. Fifteen children participated in the program and one hundred and twenty five books were read. Douglas Cochrane of Cochrane's Book Store was the generous donor of certificates to the winners and attractive book marks to all contestants.

Paintings by Valerie Byron were on exhibit in the Gowing Room in August.

The Dublin Extension Group sponsored a course in Cardio-pulmonary Resuscitation (CPR) and the Heimlich maneuver for choking victims. Eighteen people received certificates. The instructor was excellent and the local CPR volunteers who assisted him skilled men. A refresher course is planned.

The film "New Hampshire Writers and the Small Town" was shown with lecturer R. Stuart Wallace, editor of HISTORICAL NEW HAMPSHIRE.

1 course in Public Library Techniques by assistant librarian

The extension and Library Division of the New Hampshire State Library has lost several staff members, district offices consolidated, due to budget cuts. The fall course in PLT was not offered. Bookmobile service in our area has been terminated due to the condition of the vehicle and the expense of running it. A small van is expected to service our area.

A law has been passed as of August 1, 1981, removing the requirement for libraries to honor a Statewide Library card. It became a financial necessity as the larger libraries found they could not continue to serve people from other communities without recompense. Most libraries now have non-resident fees as set by their library policies. Interlibrary loans among libraries are still in effect. The State Library now has a WATS line and computer service for research.

Our projector, a gift to the library in 1959 to honor the late Henry N. Gowing, trustee, has worn out! An article will appear in the warrant to buy a Bell & Howell 16mm moving picture projector using revenue sharing.

The need for repairs to the ridge roof with copper or aluminum, the valleys, plus repairs to two chimneys, flashings, and to recap and waterproof both. An article will appear in the warrant.

The Statewide Library Development Program system which became law on August 28, 1981, provides for library areas. Each area will have a forum of representatives from all types of libraries. Information, cooperative planning, buying, ser-

vices, and communication with the State Library Commission on local needs, are among the goals and objectives for the years ahead.

Our library is indeed fortunate to have so many friends who have given excellent books, gifts of money, maps and pictures. We thank the following people: Mr. and Mrs. E. Allison, H. Allison, the Anable family, W. Bauhan, Mrs. E. Bernier, P. Brooks, Mrs. H. Campbell, D. Cochrane, Dr. and Mrs. A. Crocker, Mrs. D. Elder, Mrs. T. Hyman, Jenny Lewis, Mr. and Mrs. J. TOWN OF DUBLIN
HEALTH OFFICER ANNUAL REPORT

1981 was characterized by an interest in the quality of the drinking water supply by homeowners. Assistance was provided by taking water samples and interpreting results provided by the Public Health Dept., City of Keene. One stream was monitored through the summer months to observe bacteria count with no unusually high levels persisting.

Requests for State approval of septic systems were checked with one system redesigned to meet Town standards more demanding than the State and to comply with new steep slopes regulations. Percolation tests were observed and coordinated with the Planning Board and the Selectmen.

Electrical power lines have been installed underground for the town hall and utility poles removed from the parking area. Telephone lines for the town hall and library are programmed for underground installation. The Dublin Pre-School is utilizing the leach field area as a recreation and play area. Their colorful playground equipment with happy children playing in a safe environment is an encouraging sight. The efforts of many people under the able guidance of Sue Ingalls and Debbie Giaimo has made this possible.

Respectfully submitted,
Daniel J. Walsh

REPORT OF DIRECTOR OF CIVIL DEFENSE

This fall I attended a three-day Hazardous Material & Waste Seminar in Concord. This seminar was excellent and very informative.

Our yearly program procedure paper has been approved by the State Civil Defense Agency and is on file at the Town Office.

I hope in the year of 1982 there will be more helpful seminars that help to deal with emergencies.

We hope that 1982 will be as quiet as 1981.

Respectfully submitted,
Brian Barden

REPORT OF THE DUBLIN ROUTE 101 BY-PASS SUBCOMMITTEE

At the end of 1980 the Subcommittee became aware that Historic Harrisville planned to submit an application for extension of its boundaries, east and south, to the Dublin-Harrisville town line. This would have placed the Harrisville portion of Corridor B-3 within the Historic Harrisville District, making further consideration of Corridor B-3 much more difficult, if not impossible.

After careful consideration of the reasons given for this move, and the odd coincidence that the town line was chosen in the application as the southern boundary of the expanded District, the Subcommittee came to the conclusion that it was a fairly transparent attempt on the part of Historic Harrisville to block consideration of Corridor B-3.

Therefore, Mr. Whitney spoke in opposition to the application at a hearing held by the N.H. Historic Preservation Office in Concord on January 15, 1981. Other residents of Dublin also spoke against the application, and it appeared that there was sympathy on the part of some members of the Historic Board for our position.

Subsequently, it apparently became obvious to the Harrisville Historic District that the boundary extension would not be approved, and the application was withdrawn. Correspondence since that time from the National Register of Historic Places of the U.S. Department of the Interior indicates that there is little likelihood that any extension southward to as arbitrary a boundary as the Dublin-Harrisville town line would be approved. We believe that this attempt to block further consideration of Corridor B-3 has failed.

In April, four Dublin residents started a new committee, "The Dublin Positive Action Committee (PAC)", based on opposition to any bypass. Its contention was that a bypass would accelerate growth beyond what was normal in the region, which in turn would increase local traffic through Dublin, thereby offsetting the elimination of through traffic gained by a bypass. They started circulation of a petition in favor of the "No Build" option.

The Subcommittee took strong exception to the PAC stand. In a letter to Dublin citizens of May 9, 1981, it pointed out that no "new highway to be built through our town" was being proposed, but merely a bypass route starting at Summers' Sport Shop and ending at Deacon Brodie's Tavern, thus bypassing the congested center of Dublin village and the danger spots of Dublin Hill and Cemetery Cove.

The Subcommittee again expressed its belief that traffic through Dublin was a regional problem, that the area was growing whether we liked it or not, and that the State could not much longer tolerate the conditions on narrow Dublin Hill and at Cemetery Cove. And Dublin, for its part, could not tolerate increased congestion around the Oval in Dublin Village, already at a saturation point at busy times of the day, as the traffic inevitably increased. The Subcommittee strongly reiterated its support for the B-3 Corridor.

At the end of August, members of the Subcommittee attended a meeting in Harrisville called by a recently organized Harrisville "No Build" committee named "Harrisville Organization to Protect the Environment" (H.O.P.E), in conjunction with the Dublin PAC group. Mr. Thomas J. Adler, Assistant Professor of Engineering at the Thayer School of Engineering at Dartmouth College, had been hired by H.O.P.E. to give his analysis of the need for a bypass. It was his opinion that Route 101 through Dublin has sufficient capacity to carry the present traffic load, that traffic growth will be quite modest on Route 101 in the future, and that safety concerns could be addressed by better edge-of-road striping and simple warning signs.

Again the Subcommittee took sharp exception to the view that traffic through Dublin can be adequately handled, both now and in the future, by the present road, and that a little paint and a few more signs can make it safe. Again we expressed our view that the region is growing, that the problem is regional, and that a bypass is the correct answer to the problem.

In November, the Subcommittee became aware that Mr. Daniel Burnham, acting as "Secretary to the Coalition" (made up of The Selectmen of Harrisville, The Monadnock Sierra Club Group, H.O.P.E. and PAC) had sent a request to the Monadnock Region Legislative Delegation (34 Representatives to the General Court) asking that they endorse a Resolution to be presented to the Highway Department at the Corridor Hearing, calling for the Department to cease planning for any major bypass or reconstruction of Route 101 through Dublin — in other words, the "No Build" option.

Members of the Delegation assured us that, as a Delegation, they would not endorse such a Resolution, and they doubted that many of the members would take any notice of the request. However, the Subcommittee wrote each member to make sure that our disagreement with almost every statement in the Resolution was understood, and we again emphasized our support for Corridor B-3.

Throughout the year the Subcommittee has answered numerous letters sent to it, and also those which have appeared in the press on the bypass subject. We are more than ever convinced that the voters of Dublin were right when at three Town Meetings they voted for a bypass, and chose Corridor B-3 over all the others by a majority of two to one.

As this Report is written, the Environmental Impact Statement (EIS) is scheduled for release in early February, with the Corridor Hearing set for March 1982. It will be imperative for all Dublin citizens to attend that Hearing if the long-awaited Dublin bypass is to become a reality!

DUBLIN PLAYGROUND

This report ends the sixth year of the Dublin Playground. This summer's success can be attributed to many reasons.

Local support helped the program immensely. Among the contributors were individuals, groups of individuals, businesses, private organizations, and the Town of Dublin.

Another reason would be the dedication and commitment of the Playground staff: Laura LaFortune, Ted MacVeagh, Mary Ann Martinez, and Penny McDonald. Working alongside the staff at different times were two volunteers — Joanne Blodgett and Burr Hovey. The Playground is indebted to these two very helpful people.

The most important reason would be the eagerness and friendliness of the children at the Playground each day. Without their good attitudes and desire to make each new program work, there would be no Playground.

The Playground wishes to thank:

New events introduced to the program this year were:
Purly Gates — solo
3 Walt Disney night movies at Playground
Orienteering instruction
Soccer clinic with Ted MacVeagh and Jim Parratt
Maggie Konet — special craft
Dance — TJ the DJ
Kite Making
Halloween party
Cake decorating

Please note that there were 6 special events run outside Playground's regular time schedule that the Staff attended on their own.

Playground registered 40 girls and 61 boys from the ages of 5 to 15. This number does not include children that were younger and involved in special events, nor does it include the 16 & 17 year olds that came two or three times a week for sports and special activities.

Income for the Playground for 1981 was $6,998. The Town budgeted $4,381 and private gifts made up the $2,346. Income from the Red Sox tickets was $271.

There were many contributions made to the Playground in materials. These would otherwise have had to be paid for. This material included gift certificates, bookmarks, cake, punch, soda, popcorn, and trash removal.

Contributions for 1981 came from the Dublin Community Foundation, Emmanuel Church Outreach Committee, The Garden Club of Dublin, New England Foundation for the Arts, Inc., Hugh and Gay Eaton, Willard and Linda Oja, Cles and Didie Staples, Lydia Forbes, Charles and Sally Collier, Dublin Oil Company, Cochrane's Bookstore, Carr's Store, and Fontaine Ford Sales.

REPORT OF THE WAGE SURVEY COMMITTEE

Article 26 of the Dublin Town Warrant, voted upon at the Town Meeting held on March 14, 1981, concerned the possible adoption by the Town of the State of New Hampshire Law Enforcement pay scale for the Dublin Police Department. After some discussion this Article was withdrawn after it was found that the sense of the Meeting was that the Selectmen should set up a professional pay scale for all Town employees.

There was some feeling that the wages, salaries, and annual payments made for the various jobs were not equitable, job for job, and that they might not be in line with wages paid for similar jobs in other towns of roughly Dublin's size in the surrounding area. Accordingly, in June 1981 the Selectmen appointed a committee to investigate and propose such a pay scale for all Town employees.

The Committee's first step was to determine the pay rates for all jobs for the previous five years, in order to see what the pay history had been in the recent past — which pay rates had stayed the same, and which had had yearly or other increases. Next, preliminary Job Descriptions were written in order to establish what each job actually entailed.

In order to get an idea of pay rates for similar jobs in other towns, we then referred to the New Hampshire Municipal Association's Wage, Salary, and Fringe salaries and benefits in effect in all its member towns in New Hampshire, prepared as a result of a questionnaire sent to all towns. These surveys list the towns by population size which makes it easy to compare your town with another of roughly the same size. They give a large amount of information, such as number of paid holidays, medical insurance programs, etc. under the Benefits section, in addition to the listing of wages and salaries paid.

The latest edition available when the Committee started work covered the year 1979, and from that Survey we selected the towns of Antrim, Fitzwilliam, Francestown, Hancock, Jaffrey, Marlborough, Peterborough, Rindge, and Troy. We listed all wages and salaries reported for these towns in comparison with the 1979 wages and salaries paid for all similar Dublin jobs. Because of the different Job Titles used, and the fact that what a "Custodian", for example, is required to do in one town may not be the same as in another, this listing required some judgment. To the best of our ability we placed jobs in the proper comparable slots, but it is not possible to say that in each case the requirements of jobs as we listed them are exactly the same for each town.

To get more current information we waited for the N.H. Municipal Association's 1981 Survey, which came out in the latter part of October. Again we listed wages for our selected towns in comparison with the Dublin 1981 rates for similar jobs. Unfortunately, the Association's questionnaire has grown so detailed in recent years that many towns, especially the smaller ones we were interested in, do not manage to complete it in time to be included in the Survey. The 1981 Survey was therefore more of a sampling of towns of various population sizes, rather than a complete listing. To remedy this, one of the members of the Committee visited Hancock, Rindge, Fitzwilliam, and Marlborough and got the latest information from their Town Clerks. All towns were very cooperative.

With all this information on hand, the Committee went over each job rate, taking into account past Dublin practices, current wage paid, and comparision with other towns. We considered what Dublin's pay philosophy should be — pay as little as possible — pay more than any other town to attract the best employees — pay a fair wage which at the least should be comparable to other towns of our size in the

area. We agreed on the latter, and prepared a recommended wage scale which was submitted to the Budget Committee in early November.

We should point out that at the March 12, 1963 Town Meeting, the Town voted under Article 13 "to accept the State of New Hampshire Highway wage scale as wage scale for Town Highway Dept." This vote has never been rescinded and is still in effect. Therefore, the recommended pay rates for Highway Department employees are simply the latest N.H. Department of Public Works and Highways rates for comparable jobs.

In listing paid Dublin jobs, as opposed to the many unpaid, volunteer, committee jobs, it was obvious that they fall into different categories — from full time, career jobs to reimbursement of expenses pay. Therefore in comparing wages paid it is necessary to compare jobs in the same category. Accordingly, in the recommended pay scale shown below, jobs are listed by the categories into which we believe they properly fall.

Finally, this survey was a "first time" effort, and we believe could be improved if done either yearly, or every other year. We did not find that Dublin's pay rates were out of line with other towns. However, the complex area of Benefits (insurance programs and the like) was only touched upon in the time available. Accordingly we suggest that a similar survey be done next year, with possibly a larger committee to work on it.

REPORT OF THE BOARD OF ADJUSTMENT

According to State Law, the Board of Adjustment "may, in appropriate cases and subject to appropriate conditions and safeguards, make special exceptions to the terms of the ordinance in harmony with its general purpose and intent and in accordance with general or specific rules therein contained." (RSA 31:66) "Ordinance" in preceding sentence refers to the Zoning Ordinance adopted by the Town.

In 1981, the Board of Adjustment acted on the following:

Approved a petition for Arthur and Beverly Plante for a special exception to operate a used furniture and antique shop on premises they leased from Peter Brockett on Route 101.

Approved a petition for Mrs. Levere Plummer for A.F. Marsteller for a variance to sub-divide a lot which did not have minimum frontage of 250 feet on a public road.

Approved a petition for Robert L. and Mary J. Edick to obtain a building permit on a Class VI road.

Approved a petition for Beech Hill Hospital for a variance to build a new 80-bed facility on top and at the end of the present Hospital building.

Approved a petition for Marathon House, Inc. for a variance to open an alcohol crisis intervention center with a 2-bed unit on Marathon House grounds.

Denied a petition for Audrey A. Moore thru Legal Counsel, David M. Tower, for a building permit on a Class VI road.

Approved a petition for Yankee, Inc. for a special exception to add on to their Graphic Arts building and for a variance of lot size closer than the 35 foot setback requirement.

Approved a petition for Martha A. Blagden and Irene A. Grant for a variance to sub-divide their land from the 250 foot frontage requirement.

Approved a petition for Walter and Pamela Snitko for a variance to construct utility structure closer than the 35 foot boundary requirement.

Denied a petition for Henry Lee thru his Attorney, John Shortlidge, Jr., for a variance to construct a ground floor room and decking at his cottage on Dublin Lake Road.

Approved a petition for The Trustees of the Oscar Sewall Intervivos Trust to register two lots not having required frontage on a public or Class VI road.

Denied a petition for a rehearing for Henry Lee thru his Attorney, John S. Shortlidge, Jr., for a variance to add a walkway around existing cottage on Dublin Lake Road.

Approved a petition for Dublin Hills, Inc. for a special exception for a boarding house on the West side of New Harrisville Road.

Approved a petition for Marcia S. Ticknor for a special exception for a privately owned school on the East side of New Harrisville Road.

TOWN OF DUBLIN PLANNING BOARD ANNUAL REPORT

The major efforts of the Dublin Planning Board in 1981 continued to be devoted to requests for subdivisions. Below are listed those requests and the results as addressed during the past year.

Lawrence Rathbun	2 lots approved
Gordon VanCampen	4 lots approved
August Marstaller	2 lots approved
Michael James	2 lots approved
Michael Sulliven (Upper Jaffrey Rd.)	3 lots approved
Patricia Walker (Dooe Road Extension)	2 lots approved
Patricia Walker (Valley Road)	2 lots approved
Martha Blagden/Irene Grant	2 lots approved
Oscar Sewall Trust	2 lots approved
Robert McQuillen	3 lots continuing
Michael Sullivan (Valley Road)	2 lots approved
Phillip Coache	3 lots reapproved

Preliminary discussions and advice concerning subdivisions, boundary adjustments and construction of Class VI roads were also conducted.

The Board thanks F. Skiddy von Stade, Jr. for his service on the Board since 1977. Skiddy resigned in November when he foresaw that he would be spending more and more time away from Dublin. For three years he served as a commissioner for Dublin to the Southwest Regional Planning Commission. As Chairman of the Open Space Committee during the formulation of the Comprehensive Plan, his concern for preserving the visual impact of the lake, mountain and surrounding hillsides will benefit the town in years to come.

Gordon Knight has agreed to serve the remainder of Skiddy's term until March 1983, and was appointed by the Selectmen November 30, 1981.

Subdivision Regulations were amended to meet changes of the statutes enacted during the 1981 session of the State Legislature. A public meeting was held on December 3, 1981 and new definitions of abutters, major and minor subdivisions, and a Completed Application were adopted. The procedures which the board must follow in reviewing and approving plats or applications for subdivisions were amended.

The Board will register all plats with the Cheshire County Registry in the future, with the subdivider responsible for the fees. All amendments have been printed and are available to update copies of the Subdivision and Zoning Regulations.

The Southwest Regional Planning Commission continues to provide excellent professional and technical advice and assistance in planning and zoning areas.

The Planning Board meets the first and third Thursdays of each month at 7:30 p.m. in the Town Hall. All meetings are open public hearings and everyone is welcome.

REPORT OF THE CONSERVATION COMMISSION

RSA 36:A mandates that conservation commissions should protect watershed areas, conduct research on use of local land and water areas, establish an index of wetlands and open space areas with information as to their proper and best use.

During the past year our commission has researched farmlands of local importance. These areas, along with farmlands of national and statewide importance, will be inventoried and mapped with assistance from the Soil Conservation Service. It is hoped that the information will be useful to the Planning Board and Selectmen as a planning tool.

The State's Wetlands Board has developed criteria for identifying "Prime Wetlands" to help New Hampshire communities designate and map wetlands of significant value because of size, fragility, because they may provide habitat for unusual or rare plants and animals, or they may contain significant aquifers, or unique landscape features. These wetlands are worthy of special protection.

Members of our Commission attended a Wetlands Board hearing in Concord last winter, and a special all-day workshop at the Harris Center on August 1. Several walks are planned to explore the Town's major wetlands so that wildlife and plants may be studied and inventoried. The first walk, through part of the Great Swamp, was on September 19. Parts of the Mud Pond and Cobb Meadow wetlands were explored by boat.

The National Register nomination has been completed. It consists of nearly 160 buildings altogether and includes two historic districts: the Village District (Main Street, the upper village and Old Common) comprising some 54 houses; and the Lake District of some 44 houses. The report comes to over 300 pages and is illustrated. Copies of it are being deposited with the Selectmen and Planning Board and at the Library.

We appreciate very much the countless hours Bill Bauhan has given to this work. We also wish to thank Lucy Shonk for her research and map work, and Jodi Seaver, who did the final typing.

Plans for use of the Town's Conservation land at Howe Reservoir were further developed. A survey was done to verify our boundary lines. The location for a simple woods road, suitable for 4 wheel drive vehicles, was determined. A work day was held on October 17, involving 8 volunteers. Overhanging branches and trees were cut from the roadway. A gate, built by Jay Jacobs, was installed at the entrance to the land by Jay and his brother.

The Dublin Boy Scouts have enjoyed camping on the land and have helped with clearing for trails.

On Tree Planting Day, April 25, several forsythia bushes were planted at Bond's Corner, opposite Carr's Store; also three willows and a clump of birches.

The Commission again sponsored a roadside Clean-up Day, on May 2. With help from volunteers of all ages and 12 pick-up trucks, the Town's roadsides were well covered. The Naylors provided a picnic lunch for workers and prizes were awarded to winners of the poster contest at the Dublin Elementary School.

Tuition costs were underwritten by the Commission to send Monica and Douglas Van Campen to the Youth Conservation Camp, sponsored by the Society for the Protection of New Hampshire Forests. They learned a great deal and shared their experiences with us.

One issue of "Dublin Dirt" was published in February, 1981.

Mary McKee has served as the Commission's representative on the Town Hall Committee.

We have attended meetings of the Planning Board, Board of Adjustment, special meetings of the Southwest Region Planning Commission, and an informative meeting on Acid Rain at the Harris Center.

We wish to thank members of the Planning Board and the Board of Selectmen for their help during the year.

REPORT OF SITE INSPECTOR

This has been an average year for additions, alterations and garages, but there has been a decline in new home construction.

There are new State building regulations and information about these regulations is available through the Selectmen's Office.

I would like to remind everyone that a building permit is required for any construction over $1,000 in value.

The permits issued in 1981 are as follows:

3 new homes	$160,000.00
17 alterations and improvements	324,100.00
(ranging from remodeling kitchens to solar greenhouses)	
1 mobile home	3,500.00
3 new sheds	8,700.00

1981 ANNUAL CEMETERY REPORT

I am pleased to report that the Dublin Cemetery is in very fine condition. Mostly all major projects of the last three years have been achieved, such as tree cutting and trimming, rebuilding stone walls, repairing all broken tombstones, installing seven new gates and purchasing new lawnmowers. 1981 also began the design for expansion on Carriage Lane for 60 new lots.

In 1982, we will be obtaining construction estimates, landfill, etc., and plans for beginning work this year.

The cemetery budget is sound and stable, so with practical foresight, our future expectations will be easily achieved.

Thank you very much,
Charles S.B. Pillsbury
Superintendent, Dublin Cemetery

REPORT OF THE SOLID WASTE COMMITTEE

The Dublin Solid Waste Committee was appointed by the Selectmen following the 1981 Town Meeting. The committee was asked to study the problem of waste disposal in Dublin, in view of the fact that the estimated life of the present landfill, at that time, was two to three years. The committee is to report and make recommendations at the 1982 Town Meeting.

We were told last summer by the State's Bureau of Solid Waste Management that the Dublin Landfill will be full by October, 1982. This facility cannot be expanded due to soil conditions and the proximity of ground water recharge areas.

Our committee has attended several meetings locally and in Concord. We have consulted with Craig Casserino, Elizabeth Bedard, and John Isham, all experienced with recycling methods. We have visited other Landfills, in an effort to determine what is the most economical way to solve our problem.

Recycling was first considered as being a desirable project from an environmental standpoint. If we could separate glass, cans, newspaper, cardboard, and plastic milk jugs, the volume of waste going into the Landfill would be significantly reduced. Sale of materials would help our operation expenses and the materials would be used productively.

In order to accomplish this we would need a building to store paper and cardboard, and to house a bailer; three or four concrete bins for glass and cans, a bailer, a separator for aluminum cans, and a forklift. The estimated cost would be close to $50,000. In order to adequately supervise a recycling center, an additional employee might be needed.

We feel that this expense is not practical for a town of our size. We would not produce enough volume to meet our costs. We would still have to dispose of the remainder of material not recycled. Markets for recyclable materials fluctuate.

However, we feel that a long-term plan should include recycling on a regional basis.

The other alternative is to contract with a commercial hauler to have all our household waste compacted and hauled out of town. The Town would continue to maintain a collection point for metals, building rubble, tires, and brush in the present location. Two systems have been suggested:

1. Installation of a compactor at our Landfill site. Trash brought to the Landfill would be dumped into the compactor. The Landfill operator would compact the material into a large container which would be removed once a week and an empty unit left.

The Town would have the following initial costs: construction of a cement pad, the installation of 3 phase electric power, and modifications to a small building to house the motor and operator.

2. The Town would install four or five 10 or 12 yard containers with covers at the Landfill site. They would either be owned by the Town or rented from the contractor. Trash dumped directly into these containers would be collected by a commercial hauler twice a week, compacted in his truck (reducing bulk by 4 or 5 to 1), and hauled out of town. The cost of hauling would depend upon the destination.

Short term solutions recommended by our committee include:

a. Soliciting bids for commercial haulers to remove household waste from Dublin, using containers or a compactor.

b. Looking into the possibility of transporting recyclable materials to Peterborough.

Long term recommendations include:

a. Continued study of alternative solutions.

b. Keeping abreast of regional plans for waste disposal, resource recovery, and recycling.

c. Plans for an eventual recycling sub-station in Dublin.

RECREATION COMMITTEE ANNUAL REPORT

The Recreation Committee sponsored a number of events this year as in the past.

Dublin was represented in a new league by both a Little League and Pee Wee team, and this year we compiled a winning record! Some of the team members were also on the league all-star team. Our thanks to the Sundstroms and Garry Steinback for the time and effort they put into coaching and working the children. Also, thanks to the Dublin Community Foundation for their support.

The Summer Program was once again a great success. This is due entirely to the dedication of Dee Fontaine and her staff (Penny McDonald, Ted MacVeagh, Laura LaFortune, and Mary Martinez) as well as the generous donations made by members of the community.

In the fall we had our annual Halloween Party. This year there was the Parade of Costumes and a puppet show (by the Stepping Stones) for the younger children and a costume dance for the older children and teenagers. Our special thanks to Miriam Carter et al and Mike Cornog and the students at Dublin School.

We are looking forward to 1982 and hope things will be as successful as in the past.

Respectfully submitted,
Judy Knapp, Chairman

CONVAL SCHOOL BOARD REPORT

My second year as the Dublin School Board representative has been an interesting and rewarding one. Maintaining quality education for our district while holding down escalating costs as much as possible is indeed a challenge. In light of ever-increasing costs, the School Board has asked the Citizens Advisory Committee to study our present policies and usages in the areas of physical plant, transportation, instruction, school year orientation, and personnel.

For many years The Children's Center in Keene has handled the District's handicapped program. This year we formed a consortium with the Jaffrey-Rindge and Keene School Districts and set up regional classrooms for our emotionally disturbed and visually impaired children. This has effected a substantial savings for all three school systems. The classroom for the emotionally disturbed is in the Dublin Consolidated School. It presently consists of six students with one full-time teacher and one aide. All but two of the children are mainstreamed at times in the regular classrooms. The Dublin students have been receptive and the program is working well. Next year we will not use the Children's Center at all. In cooperation with Jaffrey-Rindge, we will have our own personnel and we will handle all but out-of-district placements ourselves. This change will bring about even greater savings to both districts and will not affect the quality of education for our handicapped students.

The Dublin Consolidated School has two mini-computers thanks to fund-raising efforts by the children and Mr. Dunning. They are in the 5th-6th grade classroom and all of the children in that room will learn how to use them and will work on a math problem-solving program as well as others.

The School District will have a teacher, Robert Fay, from Conval High School on sabbatical during the second half of this year. Bob is an English teacher at the High School and will work on various projects which will relate to his teaching.

There have been several changes at the High School over the past year. A policy was instituted whereby a student must have a pass to authorize his/her movement in the hallways at undesignated times. This policy has had a very positive effect in reducing noise and confusion in the halls during classes. A class for all ninth graders entitled Health Education for Life Planning has been started. This course encompasses planning and decision making, human sexuality, alcohol and other drugs, and separation and personal loss. It is taken by every ninth grade student unless their parents do not wish them to participate. I feel that this course is extremely important and worthwhile and the students with whom I have discussed it are most enthusiastic. An ice hockey program has been included in the sports curriculum. This program is supervised by Conval but fully funded by outside sponsors. Finally, an electro-mechanical device has been installed in the Conval library in order to reduce book losses. Not only is the loss of books expensive but students are impeded in research by the lack of materials which are missing.

The second School Board meeting in June was held in a house which had just been completed by the Conval Builders, a part of the vocational program. The house was extremely impressive. It took two years to complete and obviously a great deal of effort and skill went into its construction. It has since been sold.

The use of District buildings by religious groups was challenged this year. It was found that our policy of allowing such groups to use buildings was in compliance with the state statutes. Our policy was clarified, however, to state that any group with religious affiliation would not be able to interact with students or use school facilities during the school day. Application for use must be made with the Superintendent.

The Stanford Achievement results for 1981 were up significantly. It is felt that this is due to our competency program.

Salary negotiations with the teachers and aides have been concluded with a 10.6% increase for the 1982-83 school year.

At this time the total budget has not been recommended to the Board. The proposed budget showed an increase of 14.8%. Most of this increase is in fixed costs and an enormous increase in transportation costs. We will do everything that we can to reduce this increase.

A new bus company has been chosen for the next contract. The contract will last for six years and it is with the Warpula Bus Company of Lunenburg, Mass. We will have a fleet of new diesel busses and hopefully student transportation will be excellent.

I would welcome any thoughts that any of you have concerning our schools. Please do not hesitate to contact me with any ideas or problems that you may have.

HIGHWAY DEPARTMENT

I would like to take this opportunity to thank all of the people who have helped or given support to the Highway Department this year.

We started the year much the same as all other years, with plowing, sanding and salting, followed by Spring cleanup. Ditches were cleaned, dirt roads graded, and the tar roads patched.

Town Road Aid was spent on the lower Valley Road, from Pickfords' to Mosseys'. Trees were cut, stumps pulled and culverts replaced. The road was then graveled and surfaced.

This fall we crushed gravel and screened sand for winter use. Culverts were replaced on the Lake Road. Maintenance on plows and other equipment was done to get ready for Winter.

At last year's town meeting the people voted to use a sand and salt mixture. At that time I felt that it would not work. We have had many storms this year to try this formula and I feel that it isn't working. We have had ice build up this year, because of the formula and the fact that we do not have the proper equipment for this type of mixture. Hopefully consideration will be given to a new sander.

Clarence Babneau
Highway Agent

DUBLIN FIRE DEPARTMENT ANNUAL REPORT

The Dublin Fire Department answered a total of 90 calls during 1981. Twenty-two calls were for emergency medical response and remainder for fire equipment. Eleven of the fire calls were to assist neighboring towns at there fires.

Chimney fires still lead the list of most frequent calls. Fortunately, most of these are not serious if the homeowner calls us when the fire first begins. There are still those who "play" with a chimney fire or other apparently small fires until it gets out of hand and then calls for help. In general, the 1981 fires were not as serious as some in previous years, yet we spent a total of 856 hours containing these fires. Another 420 hours were spent training on fire equipment during the year.

The rescue squad part of the fire department is becoming increasingly busy. We now have an official rescue squad as part of the department. Four members of the department are now certified EMT's (Emergency Medical Technicians) on the National Registry. This is a result of each EMT spending 150 hours in special training and successful completion of a final written and practical examination. Additional members are scheduled for training early next year (1982).

Some medical equipment has been purchased by the Dublin Fire Company recently and more is sorely needed. However, the most important being a vehicle to handle these emergency medical responses by carrying the necessary equipment. A special warrant article has been requested for the 1982 town meeting.

The updating of fire hydrants is nearly completed and should be a great help to our rural fire protection. The unfinished work will be completed in the spring. A new radio was installed in our second front line truck with a "third" frequency installed. The conversion of several other radio's is now under way. This will enable us to have "our own" frequency or channel to communicate between our trucks should a neighboring town have a fire simultaneously. As it has been we share 2 different channels with over 50 other departments in this area.

The insulation was installed in the fire station attic during the summer. It is too early to check on fuel oil savings, but their is a definite lack of icicles hanging from the eaves as in past winters. A permanent Christmas tree has been planted in the station yard thanks to the Dublin Fire Company and Yankee Inc.

I wish to thank the members of the fire department for their continued support and for the willingness with which they volunteer their efforts in making ours a first class department. I would also like to thank the residents of the town of Dublin for there support and interest in our endeavors.

Michael Worcester, Chief

EMERGENCY NUMBER 352-1100

The main highlight of the Police Department this year was the graduation of Officer Albert Caisse from the New Hampshire Police Academy in Portsmouth, N.H. The graduation was attended by members of his family, Selectwoman Ann Walsh, Highway Safety Commissioner Stephen Avery and Chief McLean. Our congratulations to Officer Caisse. The addition of a second fulltime officer has enabled this department to effectively increase patrol time and greatly increased the visibility of our police department.

One of our continuing problems is the number of people who continue to drink and drive. 23 persons were arrested and convicted of driving while under the influence of alcohol this year, and drinking is still the number one cause of death and injury on our highways. Please help us; if you have been drinking, stay off the roads. The one fatality that occurred this year on Route 101 Dublin, also resulting in personal injury, was alcohol related.

This department investigated 55 auto accidents and of these there were 21 persons injured. Numerous other accidents were investigated whereby the operators were not required to file with the Motor Vehicle Department.

Other traffic statistics included over 250 speeding convictions and numerous other violations, including solid line, reckless operation, stop sign, failure to keep right, operating without license, operating unregistered, failure to dim lights, uninspected, and also truck violations.

On the criminal side it has unfortunately also been a very busy year. We had 26 thefts, solved 12; 14 burglaries, solved 5. We also got a conviction on a rape case which occurred last year and are currently involved in a murder case. At the time of this writing there are 3 persons incarcerated at the Westmoreland County Jail pending Superior Court.

This year 5 vehicles were stolen from town and all 5 were recovered. Also 3 were recovered which had been stolen from other areas of the State.

Within the last few years and recently your police dept. has been involved with arson, rapes, murder, burglaries, highway fatals, and suicides. All of these are considered major in nature or major crimes. Some of these have been solved and others are on an ongoing investigation.

This year an elderly man who had been missing since October 1980 was found in Dublin. It was ruled a suicide by gunshot. On this case alone, this dept. worked many, many hours investigating, searching, and with the assistance of the N.H. State Police, finally made a positive identification of the body.

Hopefully 1982 will be quieter, but with the economy in a slump I really doubt it.

We have handled many incidents, far too many to mention in this report. We have tried to be as professional as possible and use special expertise. Knowing that our job is to protect and serve, we have tried to keep in mind our responsibility to the community and its people.

I would like to thank not only the members of our department but all those who have assisted us over the year to help make our job easier, including: N.H. State

Police, Cheshire County Sheriff's Dept., Hillsborough County Sheriff's Dept., Cheshire County Attorney's Office, Attorney General's Office, Area Town Police Depts., Dublin Fire Dept., Selectpersons, Highway Safety Committee, and all the other citizens who have assisted us.

Respectfully submitted,
Robert N. McLean, Chief
